
Conflict-Free Minerals Compliance Statement

May 1, 2020

Dear Customer,

As a global supplier of high precision porous metal filter and flow control products, Mott Corporation is committed to ensuring that we are not sourcing minerals defined as Conflict Minerals, tin, tantalum, tungsten and gold, from the Democratic Republic of the Congo or the nine adjoining conflict countries: Angola, Burundi, Central African Republic, the Republic of the Congo, Rwanda, South Sudan, Tanzania, Uganda, and Zambia.

Mott Corporation confirms, by thorough review of our supply chain, that all raw materials used in the manufacture of our products are in full compliance with Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act pertaining to Conflict Minerals. Mott works closely and proactively with our supply chain to source materials from socially and ethically responsible sources.

If there are any questions, please contact the undersigned.

Regards,

Robert Bursiewicz
Manager, Quality Programs
